

Single Equality Policy

Carlton Junior & Infant School

Approved by: Governors

This Single Equality Scheme for schools in Kirklees provides a format for addressing the statutory duties of the Equality Act 2010. This supersedes and brings together all previous statutory duties in relation to race, gender and disability and also addresses the duty to promote community cohesion, thus meeting the school's statutory duties in these areas.

The policy also highlights how our school has worked with and listened to the staff, pupils, parents and carers to inform development of action plans and the need and commitment required to ensure this policy is put into practise. This is underpinned by a commitment to promoting positive relationships and understanding between all groups within our school community. It reflects the legal duties set out in the Equality Act 2010 and non-statutory guidance set out by the government in December 2011 and March 2012.

This document sets out how pupils with the following protected characteristics (previously known as equality strands) will be protected in our school from harassment and discrimination:-

- disability.
- gender.
- race.
- religion and belief
- sexual orientation

For our School this means not simply treating everybody the same but understanding and tackling the different barriers which could lead to unequal outcomes for different groups of pupils in School, whilst celebrating and valuing the achievements of:

- Pupils
- Staff
- Parents/carers
- The Governing Body
- Multi-agency staff linked to School
- Visitors to school
- Students on placement

We believe that equality at our School should permeate all aspects of school life and is the responsibility of every member of the School and wider community. Every member of the School community should feel safe, secure, valued and of equal worth.

At Carlton J & I School, equality is a key principle for treating all people fairly and creating a society in which everyone has the opportunity to fulfil their potential - irrespective of their gender, ethnicity, disability, religion or belief, sexual orientation, age or any other recognised area of discrimination. This is emphasised in our whole school values.

Monitoring and review

Carlton J & I School is an inclusive school, working towards greater equality in the whole School community. We use the curriculum and teaching to enhance the self-esteem of all those the School serves and to provide a learning environment in which each individual is encouraged to fulfill her or his potential. We make regular assessments of pupils' learning and use this information to track pupils' progress, as they move through School. As part of this process, we regularly monitor the performance of different groups, to ensure that all groups of pupils are making the best possible progress. We use this information to adjust future teaching and learning plans, as necessary.

Resources are available to support groups of pupils where the data suggests that progress is not as good as it should be. The Governing Body receives regular updates on pupil attainment.

School performance data is compared to national data and local authority data, to ensure that all pupils are making appropriate progress when compared to all schools, and to schools in similar circumstances. As well as monitoring pupil performance in, we also regularly monitor a range of other information. This relates to:

Attendance – absence, both authorised and unauthorised – School achieves more than 95% attendance and is working towards consistently achieving the new national figure of 97%.

The school monitors and acts promptly should any of the following need attention:

- Exclusions.
- Racism, disability discrimination, sexism, homophobia and all forms of bullying
- Participation in extended learning opportunities
- Parental involvement

Our monitoring enables us to identify any differences in pupil performance and provide specific support as required, including pastoral support. This allows us to take appropriate action to meet the needs of specific groups in order to make necessary improvements.

Carlton J & I School is also committed to providing a working environment free from discrimination, bullying, harassment and victimisation. We aim to recruit an appropriately qualified workforce and establish a Governing Body that is representative of all sections of the community in order to respect and respond to the diverse needs of our School population.

Due regard is given to the promotion of equality in the School Improvement Plan. (See behaviour and safety of pupils and SMSC plan)

The person responsible for the monitoring and evaluation of this policy and action plan is the Head teacher. Her role is to:

- lead discussions, organise training, update staff in staff meetings, support discussions.
- work with the Governing Body on matters relating to equality.
- support evaluation activities that moderate the impact and success of this policy.

Appendix 1 – for information Race

The term race includes colour, ethnic origin, nationality, national origin and citizenship as well as race.

Reporting racist incidents in schools

Schools in Kirklees are required to have in place a procedure for dealing with and reporting racist incidents.

Disability

What is a disability?

Disability is a physical or mental impairment which has an effect on a person's ability to carry out normal day to-day activities. That effect must be:

- substantial (more than minor or trivial)
- adverse
- Long-term (it has lasted, or is likely to last, for at least a year or for the rest of the life of the person affected).

There is no need for a person to have a specific, medically-diagnosed cause for their impairment – what matters is the effect of the impairment, not the cause.

Examples include hearing or sight impairments, a significant mobility difficulty, mental health conditions or learning difficulties. There are many other types of condition, illness or injury that can result in a person being *disabled* (eg diabetes, asthma, cancer, arthritis, epilepsy, multiple sclerosis, heart conditions, and facial disfigurement).

Gender

The term gender includes boys, girls, men and women, and transgender/transsexual people. Sexual orientation is a distinct protected characteristic.

(The term transgender refers to a range of people who do not feel comfortable with their birth gender).

What is the difference between sex and gender?

- Sex refers to biological status as male or female.
- Gender is a term that is often used to refer to ways that people act, interact, or feel about themselves, which are associated with boys/men and girls/women. While aspects of biological sex are the same across different cultures, aspects of gender may not be.

Sexual Orientation

Heterosexism is any prejudice and discrimination against individuals and groups who are lesbian, gay, bisexual (LGB) or are perceived to be so. It is based on the assumption that everyone is or should be heterosexual. Expressions of dislike, contempt or fear based on heterosexism are usually known as **homophobia**.

Whether through institutional practice or personal behaviour, the prevalence of heterosexism is likely to mean that LGB people feel excluded and unsafe. This effect can be mitigated by an actively welcoming and supportive environment.

Sexual orientation is defined as an individual's sexual orientation towards people of the same sex as her or him (gay or lesbian), people of the opposite sex (heterosexual) or people of both sexes (bisexual).

Transgenderism and gender re-assignment

Transgender is an umbrella term used to describe people whose gender identity or gender expression differs from that usually associated with their birth sex. Gender re-assignment is the process a transgender person goes through to change sex.
